

Annie Wilson, LEED AP

Project Manager

Professional Experience

Annie's experience includes over 10 years of commercial real estate industry expertise in third party project management, design, and furniture services with a focus and passion for sustainable solutions. Annie's experience on various sides of the industry has cultivated a high level of empathy and enthusiasm for her clients and comprehensive project teams. Annie's past clients include private equity, tech and venture capital.

Annie knows the domestic market well and through her career has built a solid network of industry peers and mentors across the country. In 2008, Annie became a LEED Accredited Professional and since then she has used her expertise to help clients achieve their environmental goals. Annie has a Professional Designate Degree in Product Development from the Fashion Institute of Design and Merchandising and Bachelor of Arts in Psychology from Skidmore College. She has traveled to well over 30 countries and maintains a passion for downhill skiing and cycling.
