

Samuel Peng

Vice President - Project Management Atlanta

Professional Experience

Since 1990, Sam has built his career in the construction and real estate industry. He has managed projects from site selection, design, construction (both ground up and tenant improvements), through move-in. Sam's experience spans both government and private projects from commercial, light industrial, multifamily residential (including mixed-use), senior living, medical (including laboratories), legal (including courthouses), educational, retail/restaurants, high technology, high security, and mission critical facilities.

Prior to joining Cresa, Sam worked for leading construction firms such as Lend Lease US (formerly Bovis Lend Lease), Kellogg Brown and Root (KBR Building Group), BE&K Building Group, Primus Builders, Walsh Group and Hogan Construction Group.

In addition, Sam is a part-time professor in the Department of Construction Management of the School of Architecture and Construction Management at Kennesaw State University.
