

Tim Moresco

Senior Vice President Atlanta

Professional Experience

Tim Moresco has over 25 years of experience in the Atlanta marketplace. For more than eight years, he has exclusively represented occupiers, offering strategic direction and advice to Fortune 100 clients as well as local firms. Tim began his real estate career by working with both landlords and occupiers which provided a real understanding of the differences in motivation of both sides of the transaction. This cemented his belief in representation for occupiers only to avoid conflicts of interest.
