

Forest Waggoner

Advisor
Austin, TX

Professional Experience

Forest Waggoner specializes in representing international office and industrial occupiers to service their real estate needs. His scope of expertise focuses on strategic planning, lease and purchase negotiations, financial analysis, construction management and problem solving all aspects of the real estate transaction. Forest takes a consultative approach to understanding his clients' business and then implements strategy to optimize long-term cost reduction.

Since joining Cresa, Forest has negotiated over 460,000 square feet of office and industrial product on behalf of his clients valued at over \$9.5 million. Prior to joining Cresa, Forest was an associate for Stream Realty where he was responsible for leasing transaction management, representing over 500,000 square feet of office product in San Antonio.
