

Peter Bechunas

**Principal, Project Management
Boston**

Professional Experience

Peter has been involved in various areas of corporate facilities and real estate since 1993 and currently serves as portfolio account manager for Dell EMC and their subsidiaries, providing construction support and tenant fit-out work for their North American field offices. His experience includes corporate facilities management, retail facilities operations, construction finance, construction project management, corporate relocation coordination, and environmental health and safety.

Education

Peter attended Wentworth Institute of Technology, where he received an Associate degree in Architectural Engineering Technology in 1991, and later received a Bachelor of Science in Facilities Management in 1993.

Personal Interests

Peter enjoys spending time on Cape Cod with his family, going on hikes, biking, and paddle-boarding on the water.
