

## Raymond Hayes

**Senior Advisor, Project Management  
Boston**

### Professional Experience

Ray is responsible for the successful planning and execution of tenant improvement projects for Cresa Boston's local and international clients. He works in multiple aspects of the field, including space planning, due diligence, scheduling, budgeting and financial tracking, project development, vendor selection and move coordination. Ray has a broad range of corporate project management experience, with more than 1,000,000 square feet and \$106 million in projects managed in just five years.

### Education

Ray earned a Bachelor of Science in Management at Bentley University in 2015.

### Personal Interests

Ray enjoys spending time with his dog and being outdoors, including golfing, fishing, and being on the water with family and friends.
