

Caitlin Mahoney

**Senior Advisor
Boston**

Professional Experience

Caitlin brings deep experience in the life sciences real estate ecosystem, advising companies, investors, and institutions during key stages of growth. She partners with emerging and established organizations to align real estate strategies with scientific, operational, and financial goals, advising on site selection, expansion, lease structuring, and risk mitigation. Her collaborative, data-informed approach reflects a strong understanding of how space impacts people, science, and performance.

Education

Caitlin earned a Bachelor of Arts in Economics from Connecticut College in 2018.

Personal Interests

Outside of work, Caitlin enjoys traveling, golfing, spending time at the beach, and attending workout classes.
