

Julia Ryan

**Vice President, Life Sciences
Boston**

Professional Experience

As Vice President of Life Sciences, Julia helps innovative companies explore real estate solutions to support their long-term success and growth. She leverages a strong network, proven expertise, and critical problem-solving to identify high-value opportunities for life sciences clients. With extensive experience across the scientific community in the Northeast, Julia brings a diverse and dynamic perspective to both clients and strategic business development initiatives.

Education

Julia earned a Bachelor of Science in Legal Studies and Nonprofit Management from Indiana University Bloomington in 2014.

Personal Interests

Julia enjoys spending her time at her beach house in Rhode Island, skiing in the winters, and traveling with her family.
