

Eric Nolin

Managing Principal, Project Management Chicago

Professional Experience

Eric manages the Cresa Chicago project management group assisting clients to plan and implement a real estate strategy that aligns with their business plan and ongoing space requirements. He is responsible for providing the full scope of strategic consulting and project management services including: needs determination and strategic plan development; workletter negotiation and landlord coordination, project budgeting and scheduling; project team assembly; design review and management; coordination of all project consultants, contractors and vendors; contract administration, construction management and observation, furniture purchasing, installation, and move management.

Eric has been providing strategic planning and project management consulting services for over 30 years for a broad range of clients in Chicago and throughout the continental United States. His experience includes project management and development management consulting for office, industrial, retail, and hospitality projects. He prides himself on his ability to build project teams that adopt the goals of the client and provide the best, cost effective solutions on time and under budget.

Eric's thoughtful and analytical approach provides polished results for his clients, ensuring that they achieve their project goals.
