

Donny Paslowski

Senior Vice President
Cresa Consulting Group

Professional Experience

Donny Paslowski serves on Cresa's Industrial Leadership Board and supports clients in areas focused on the Industrial Service Lines (Supply Chain, Logistics, Network Modeling, Inventory Rationalization, Facility Design) and Location Strategy. He has over 10 years experience and provides critical leadership, direction and insight on a variety of different project types. Key examples: multi-echelon inventory optimization, cost to serve analysis, distribution greenfield analysis, network optimization and transportation optimization modeling.
