

Nathan Settembrini

Vice President
Cresa Consulting Group

Professional Experience

Nathan Settembrini is a business generalist with over 10 years of multi-disciplinary experience in technology and financial services. His former roles in sales and marketing, operations, process improvement, and most recently as CEO of a startup, enable Nathan to take a broad perspective in approaching client challenges. He uses a data-driven approach to help business leaders make decisions, specializing in business intelligence and data analytics, enabling technologies, and location strategy and economic incentive negotiation.
