

Barrett Bufkin

Managing Principal Dallas

Professional Experience

Barrett Bufkin provides site selection, labor analytics and occupier representation for industrial tenants and owners globally, with expertise in cold storage facilities, manufacturing plants, and warehouse distribution centers. He develops and implements creative real estate strategies that align his clients' needs with long-term business objectives.

Focused on a total-cost savings approach, Barrett evaluates labor costs, incentives, taxes, inbound/outbound transportation, ship zones, and customer distribution networks to ensure maximum productivity and lowest operational cost. His specialties include acquisitions, dispositions, sale leasebacks, build-to-suits, retrofits and conversions, valuations, and strategic portfolio consulting.
