

Will Cave

Senior Project Manager
Dallas

Professional Experience

Will Cave is a Senior Project Manager at Cresa within the Client Advisory Services Team. With over 15 years of construction and project management experience he leads projects from planning through completion, ensuring alignment with client goals. Will maintains project trajectory while delivering results on schedule and within budget, bringing strong coordination, accountability, and strategic oversight to every engagement. Will has successfully completed over 70 industrial, commercial, and healthcare projects throughout the U.S. and Canada.
