

Christina Quiñones, LEED Green Associate

Senior Vice President, Project Management

Dallas / Fort Worth

Professional Experience

Christina has over 13 years of experience as a project manager and facilities engineer. As a Senior Vice President in Project Management, Christina will plan, execute and close projects for Cresa clients and will lead their project teams including architects, engineers and contractors. As the head of Project Management Services in Dallas / Fort Worth Christina is responsible for:

- Preparing initial site evaluations, budgetary costs and lease work letter reviews
- Developing, distributing and evaluating requests for proposals
- Negotiating final contract terms
- Managing the planning, design, permitting and occupancy phase
- Awarding project contracts and managing construction projects
- Project monitoring, financial reporting and schedule tracking
- Managing physical relocations
- Managing the transition from construction to operations
- Preparing and submitting tenant improvement reimbursement packages and financial closeout

Prior to Cresa, Christina worked for several major corporations in the Dallas area, including: Texas Instruments, Daltile / Mohawk Industries & Qorvo Inc, all within a Project Manager and/or Facilities Manager capacity.

Clients

- Accu-health
