

Jeff Kubit

Vice President
Data Center Capital Markets & Advisory

Professional Experience

As a Vice President on Cresa's Data Center, Capital Markets & Advisory team, Jeff provides comprehensive analysis, and market insights to support the group's platform. His data center transaction expertise spans existing and under-development hyperscale and colocation facilities across major North American markets.

Prior to joining Cresa, Jeff was part of CBRE's Data Center Capital Markets team, where he specialized in the evaluation and disposition of data center investment sales nationwide.

Education

University of California, Los Angeles, B.A. Economics
