

Jenny West, NCIDQ#25917, LEED AP ID+C

Vice President Workplace & Project Management Client Solutions

Professional Experience

Jenny West, Vice President of Workplace Solutions & Project Management, leads vision and strategy to drive growth for the workplace solutions and project management business lines at Cresa. Jenny's national leadership role builds synergy internally, to enhance operational excellence and integration of best practices across geographies. Jenny's multi-faceted background as an award-winning, licensed interior designer, change management practitioner, global transformation leader for Fortune 100 brands and an accredited LEED AP ID+C professional adds a holistic value to complex challenges related to the future of work, workforce experience and physical placemaking strategy.
