

Marisa Smith, LEED AP

Workspace Designer/Move Manager Workplace Solutions

Professional Experience

Marisa is an Interior Designer with a passion for creating beautiful and functional spaces. She has over a decade of experience in commercial and hospitality projects ranging from small office tenant improvements to complex multi-building construction documentation. With such a wide range of design experience in her repertoire, Marisa anticipates the varied and intricate demands of any project to expertly provide project deliverables that meet client needs and deadlines.

With skills honed working with some of the industry's top leaders, Marisa can proficiently and creatively incorporate space planning, estimating, ergonomic and green building systems and fixtures into any project. With Marisa's experience and success in finding innovative project solutions, it's clear why she is such a confident and capable designer and planner.
