

John Salazar

Global Alliance Director Global Portfolio Solutions

Professional Experience

John Salazar brings over 25 years of experience in both the real estate and financial industries to our team. Specializing in strategic planning that enables operational excellence and business growth, John excels at rapidly assessing your current state and offering a path forward. A proven leader, he has led teams in multiple geographies around the world while implementing financial controls and improving technology platforms.

Throughout his career, John has developed Operational Risk Management Programs for major national banks. This involved implementing governance and routines to continually assess and quantify risks to the business and demonstrate progress to regulators, audit and compliance for remediating control weaknesses in a timely manner.
