

Thibault de Gueltzl

Managing Principal
Paris, France

Professional Experience

With more than 16 years in the real estate industry, Thibault is an experienced occupier representative with a special focus in project management. An adept problem solver, he works with clients' senior management teams in all phases of the real estate process, from strategic framing to project execution. In his career, Thibault has managed more than 70 consulting assignments for occupiers.

Prior to joining Cresa, Thibault headed one of France's largest User Advisory teams and, at the age of 34, became the youngest Director of AOS / Colliers History Department.

Cresa France assisted Coty in managing the project development of our new offices, research laboratory and training center at the Metropolitan (6,500 sqm in Paris) from the strategic framing of the project to the snagging list finalisation. Combining strong technical expertise and communication skills, the Cresa team has been able to engage the various partners, both internal and external, thus enabling the achievement of binding time and budget objectives. I can only recommend working with Cresa France!
