

## Justin Millar

**Director, Project Management**  
**Perth, Western Australia**

### Professional Experience

Justin is a shareholder and Director of LPC Cresa's Perth office. He has over 20 years' experience in the project management, design and construction industries. Justin brings an excellent knowledge of the project process and delivery. Having worked in Australia, UK, Europe and Russia, Justin has been involved with, and delivered on a range of projects from new builds, refurbishments, fitouts and retrofits across a variety of sectors including, commercial, industrial, retail, education, hospitality and residential.

His experience gives him the knowledge to communicate and facilitate solutions to complex project related challenges and manage the project process from inception to completion with a key focus on risk mitigation.

Justin prides himself on his ability to manage stakeholders at all levels and is constantly seeking to add value to every project.
