

Madeline McNeill

Vice President, Supporting Project Manager
Phoenix

Professional Experience

Madeline's prior experience in construction management has given her an in-depth knowledge on scheduling, budgeting, and design coordination. Her ability to work with key stakeholders and develop complex, detailed project plans while achieving on time, under budget results has proven exemplary to her clients. Madeline's experience includes build-to-suit and tenant improvements in hospitality, multi-family, office, industrial, and healthcare. Projects have varied in complexity and size, ranging up to 1.4 million SF.
