

Jennifer Ford

Project Manager
Las Vegas

Professional Experience

Jennifer brings over two decades of expertise to the Cresa Project Management team as the first employee located in the continuously expanding Las Vegas area. Her career has been marked by successful management of various projects, including tenant improvements, data center decommissioning, and office relocation. Her long-term experience representing owners gives Jennifer a unique perspective of the client's point of view. Jennifer excels in managing vendor relationships, ensuring projects are executed efficiently, meeting time and quality requirements. Her track record demonstrates a commitment to operational excellence and cost-effective project delivery. Jennifer looks forward to leveraging her creative problem-solving and communication skills to contribute to Cresa's success in managing projects that exceed client expectations.

Certifications

Google Project Management Certificate
Management Certificate in Personnel Management

Education

Jennifer received her Bachelor of Arts degree in English Literature with a minor in Business Administration from the University of Rochester.

Personal Interests

Jennifer was born in Buffalo, NY and is a lifelong Buffalo Bills fan. She has lived in Henderson, NV for over 15 years with her three beautiful daughters. When she's not exceeding client expectations on a project, she can be found reading a book, watching a movie with her girls, or enjoying the beautiful Vegas weather with her dog, Ellie.
