

Jason Malcolm

**Principal
Phoenix**

Professional Experience

Jason has been providing real estate consulting services for over twenty-two years. He has exclusively represented tenants/occupiers throughout his entire career. Having completed assignments in 24 states, he provides his clients with a valuable perspective and practical understanding of the varying dynamics that exist across the country. Jason has represented clients in a variety of industries. His experience includes strategic portfolio planning, site selection, financial advisory and process management.
