

Jonathan Marks

Managing Principal New Jersey

Professional Experience

Jonathan is a trusted advisor to medical groups, health systems and corporations for their real estate strategy and lease portfolios. Since 2013, Jonathan has been involved in the negotiation of more than 2,000,000 square feet of commercial real estate with transaction values of over \$250 Million; including the largest office deal in Bergen County in 2017. As a result of Jonathan's real estate expertise and financial background at Brandeis and Wharton; his clients have reduced their costs by millions of dollars, mitigated risk and optimized their portfolios. Jonathan is also highly involved as an angel investor in early stage disruptive technology and is an avid golfer.

Clients

- Englewood Health
