

David Lim

Vice President
Singapore

Professional Experience

David is a Vice President for Cresa's Singapore office, part of the largest commercial real estate occupier advisory firm in the world.

David has been with the Singapore office for close to 10 years since 2011. He has served many corporate clients of a variety of industries such as engineering, energy, technology, asset management and law firms.

David's advisory practice focuses on representing corporate clients in the Singapore office. He has helped several industrialists secure their production site and in more recent years, he has served corporate clients in the office space leasing and sale.
