

Bill Dyer, DBIA

Senior Advisor, Project Management
St. Louis

Professional Experience

As Senior Advisor of Project Management, Bill advises clients on design, construction and development management, move management, and building condition assessment. He assists clients in recruitment of architects, designers, engineers, general contractors, technology suppliers and/or other partners to complete a successful project. Bill is responsible for monitoring projects to assure they stay on schedule, on budget, and are of high quality. Bill has experience in designing and building a variety of retail, commercial, light industrial, and governmental projects, with a solid awareness of planning, zoning, and code compliance ordinances.

Clients

- Fathers' Support Center
- Lanter Delivery Systems
- Rawlings Sporting Goods
